

A close-up photograph of a white swan on a body of water. The swan's head is turned back, and its long neck is curved. The sun is low in the background, creating a bright reflection on the water and illuminating the swan's feathers. The text is overlaid on the lower part of the image.

White swan

A photograph of a Little blue heron perched on the top of a tree. The bird is facing left, with its long, sharp beak pointing forward. It has a dark blue-grey body, a long neck, and a yellowish-brown eye. The tree it is perched on has green, feathery foliage and many small, brown, cone-like seed pods. The background is a clear blue sky.
